BELIEVED AGREEMENT WILL PREVENT STRIKE

Illinois Miners and Operators Get Together on Scale

PENNSYLVANIA IS FIRM

**Thought That This State and Ohio Will Fall in Line--
New Phase on Matters**

It is now confidently expected by those who have been watching the situation closely and are in close touch with conditions, that eleventh hour developments may avert a strike or long drawn out suspension in the bituminous coal mining field. A remarkable turn in the affairs of the operators and miners who are in session at Cleveland endeavoring to reach a scale agreement came Thursday, when it transpired that if a strike is ordered it will not affect Illinois.

During the meeting of the joint convention after the sub-committee had reported that it could not agree and recommended a sine die adjournment, a plan for arbitration was proposed.

While this was under discussion, President John H. Walker of the Illinois miners made an unexpected suggestion that entirely changed the situation. He said that if the operators would agree to pay an advance of five cents a ton on lump coal, three cents on mine run and grant a five-hour day on Saturday with five hours pay, all other demands of the miners would be withdrawn. The operators asked time to consider the plan of settlement. After two hours discussion it was decided to refuse the advance asked but to stand on their original proposition to renew the present scale.

But it can be announced as a fact that the Illinois operators have already agreed to the plan of settlement proposed by President Walker. It is also known that the operators of the southwest, Kentucky, Iowa and Michigan will fall in line with the advance. Indiana is also counted on as likely to accept but Ohio and Western Pennsylvania were still odorous, and it was expected that a strike would be called in those States.

When the sub-scale committee adjourned at noon it was to report a disagreement to the joint convention. This meant a breaking off of negotiations and a strike, but Walker's announcement of the Illinois proposition put a new phase on the matter, and one of the Ohio operators moved to adjourn until today to permit the operators to consider the suggestion. This raised a row later among the eastern operators as the plan was to break off negotiations and bring on a suspension.

This is where a settlement may be effected. In the opinion of a coal miner of the valley who was in Charleroi today, the Illinois proposition is likely to be accepted by the miners of Pennsylvania and Ohio, with the privilege of signing up with independent companies wherever possible. It is stated that at least two large companies in the Pittsburgh district will sign this scale. With Illinois, Indiana and the southern States working on this scale, and many of the Pennsylvania companies signing up, it is not expected that those who oppose will hold out long.

If this forecast holds good a settlement will be effected that will be satisfactory to a majority of both operators and miners, and it would involve a compromise that each side could accept with good grace.

Government Men at Work

**Bureau of Mines Has Experts
at Scene of Explosion--
Charleroi Man Along**

H. D. Mason, formerly mining engineer of the Charleroi Coal Works who is now connected with the United States Bureau of Mines at Pittsburgh is at the scene of the recent mine explosion at Jed near Welch, West Virginia. He is there in company with several other experts of the government bureau, who are working diligently to locate bodies.

POPULAR WRITER TO LECTURE HERE

**Erasmus Wilson Coming Tonight to Give Talk at
Christian Church**

IS "QUIET OBSERVER"

A large number of tickets have been sold to persons who are anxious to hear tonight the nomely philosophy of "The Quiet Observer" of the Pittsburgh Gazette Times. Erasmus Wilson who is known as "The Quiet Observer" will lecture under the auspices of the Baracca Class of the First Christian church. Wilson, one of the most popular newspaper men that ever walked, is famed for his advanced ideas far and wide. His lectures are as good or better than his newspaper observations which are a pleasing feature of the Gazette Times. He has spent the seventy some years of his life observing and comparing and will give Charleroi people the benefit of his observations and comparisons tonight.

PREPARES TO LEAVE FOR WESTERN COAST

Gordon Roley, for eleven years employed in the clerical department of the Pittsburgh Coal company will leave Sunday for Los Angeles, Cal., where he will make his future home. Mr. Roley has disposed of his property in North Belle Vernon and is now going the rounds, saying goodbye to his many friends. Mr. and Mrs. Roley are both firm in the belief that the new climate will improve their health and this is the principal reason for the move.

Three women, decided brunettes, with an aggregate weight of no less than 700, were the occupants of a buggy that broke down near the Belle Vernon bridge Tuesday evening. Quite an excitement was caused at first, as it was thought they were hurt, but developments proved that the affair was only considered a minor incident.

Open Postponed Convention at Pittsburg**

AN IMPORTANT SESSION

The annual convention of the United Mine Workers of the Pittsburgh district, which has been postponed from time to time while President Francis Feehan was attending the national conference as a scale committee man will convene in Pittsburg tomorrow. As the election of president and other district officers will be announced, and as there seems to be a dispute as to the final result, a stirring session is expected. The first day will likely be devoted to accepting the credentials of the delegates, and it is not expected much of any other business will be reached until the convention will adjourn for over Sunday.

County Treasurer Refuses to Honor Sight Draft

TOTAL AMOUNT \$37,000

**Has Them Where He Wants Them Now, Declares
Charleroi Man**

Former Assemblyman Edward Callaghan of Charleroi this week added a new chapter to his fight for his costs, fees and emoluments in office, in connection with the now famous conspiracy case in which he sought to bring to time E. F. Acheson, T. B. H. Brownlee and J. Carter Judson for conspiring and ousting him from the Democratic ticket as a candidate last November.

This was when a messenger from the First National Bank of Washington waited upon County Treasurer S. M. Downer on Wednesday at his office in the court house and presented him with a sight draft for \$37,573.43, which includes the costs, traveling expenses and emoluments of office. The county treasurer scanned the draft and then marked on it, "no money in this fund" and the messenger returned it to the Washington bank. Inquiry at the bank divulged the fact that the draft had been returned to the First National Bank of Charleroi through which it was drawn.

Since the case was before the Washington county grand jury Mr. Callaghan has persistently kept it before the public. It started with the arrest of Messrs. Acheson, Judson and Brownlee, and after the case was turned down by the grand jury Mr. Callaghan took the matter of justice up with the courts. Upon being informed that the constitution allowed every citizen the right of petition through Congress, he at once referred his case to Congress through Congressman Charles Matthews and Senator Boies Penrose. His case is now pending before the proper committee of Congress. But in the meantime he is going to see that County Treasurer Downer pays him and Mr. Callaghan intimates that he will stay with the Washington county officials until he gets his money if it takes all summer.

The draft presented to Treasurer Downer Wednesday was one of a regular form as used by the First National bank of Charleroi and was made out in the sum of \$37,573.43. It was dated March 21, 1912 at Charleroi and was directed to S. M. Downer.

The draft was accompanied by a statement which read as follows:

"Lock No. 4, March 13, 1912."
"Washington County, Pennsylvania, to Edward Callaghan, Dr."
"As per bill on file in Clerk of Courts office, also in office of County Controller and County Commissioners to wit:

"1912 February 6-7, Traveling expenses, \$7.20.

"Two days before Grand jury, \$3.00."

"Loss of time and emoluments of office, \$37,563.23.

"Total, \$37,573.43.

"(Signed) Edward Callaghan."
Last evening Mr. Callaghan stated that he had gained his point in forcing this action. The process was simply to get the case in shape to begin legal proceedings. Mr. Callaghan stated that he now proposed to enter suit for the collection of the claim.

A RAY OF HOPE.

Unless affairs take a later and con-
trary turn, the mining situation seems
in a fair way to be settled so far as
the bituminous field is concerned. A
compromise proposed and said to be
accepted in the Illinois field appears
to be acceptable to miners in other
sections, including western Pennsyl-
vania, and while the operators of this
State in the conference refuse it,
many are of the opinion that it will
prevail and will ultimately be adopt-
ed.

If this compromise is accepted in
other States and the miners in this
State are privileged to sign up the
scale wherever they can, it is alto-
gether likely that others will sooner
or later fall in line. This seems to be
a logical solution of the dispute, and
each side could accept it with equal
credit to the spirit of compromise.
The final action, which must develop
within the next few hours, is awaited
with much interest.

PICKED UP IN PASSING

A traveling man who thinks so well
of the Mail that he has it sent regu-
larly to his Pittsburgh address, sends
a letter to this office in which was en-
closed a small manila envelope mark-
ed:

"Picked Up in Passing."
On opening the envelope a dozen
or more grains of rice were disclosed.
The inference is that the traveling
man somewhere along his route en-
countered a wedding party, and pick-
ed up the rice on his clothing
while passing the group.

Gov. John K. Tener also had a
"picked up in passing" experience on
Thursday. In company with Col. A.
B. Berger of Pittsburgh the Governor
went to Venetia to see Col. A. H. An-
derson of his staff, who has been
critically ill. They alighted at Finley-
ville and finding no conveyance wait-
ed on to Venetia, a distance of be-
tween three and four miles. After a
brief visit at the home of Col. Ander-
son, whom they found somewhat bet-
ter, and whose spirits were greatly
revived by the visit, the Governor and
Col. Berger started to count ties back
to Finleyville. The proverbial "Ten-
er Jack," however, did not fail, even
in this emergency, for just as they
started a freight train came along,
and the engineer, recognizing the
stalwart form of the Governor oblig-
ingly slowed down his train and the
couple swung aboard the caboose. At
Finleyville the engineer again slow-
ed down to such an extent that the ex-
ecutive and his aid alighted in safety.
"This was one time I was very
glad to be 'Picked Up in Passing,'" said the Governor, in relating the ex-
perience.

NOT A SECRET

Kathryn Dunne's Story.

It is said that in Europe when a woman finds a remedy that does her great good, she keeps it a secret for she does not want any other woman to be able to rival her charms.

American women are different. When they find a good remedy, they want other women to get the benefit too, so they tell their friends.

Miss Kathryn Dunne of N. Y. City is one of these. She says, "When I was in a weakened condition last

spring I took Vinol with the greatest benefit and I recommended it highly. Five of my friends are now taking Vinol on account of the benefit I received."

When you are rundown and weak, you need better blood and more strength, and Vinol will give them to you. It is a delicious cod liver and iron preparation without oil and restores untold thousands of pale, nervous, broken-down people to health each year. We give you back your money if Vinol does not help you. Piper Bros., Druggists, Charleroi, Pa.

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance; but real life insurance frequently is taking Eckman's Alternative.

Can any "lung sick" person afford not to take the Alternative? It sharpens the appetite, makes life look different, brings better health with greater earning power. Often persons are so much improved that they can work even before they are finally cured.

Investigate it. If you are broad minded enough to believe that there can be a cure for Consumption, which has not been sensationally exploited, or which is not based merely on chicanery or diet restrictions Mr. Webb's report follows:—

Weldon, Ill.
 "Gentlemen—During 1906, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption."

(Signed Affidavit) **ARTHUR WEBB.**
 Fuller details of this case upon request. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and W. F. Henning's, Charleroi, Pa.

BELIEVED AGREEMENT WILL PREVENT STRIKE

Illinois Miners and Operators Get Together on Scale

PENNSYLVANIA IS FIRM

Thought That This State and Ohio Will Fall in Line--
New Phase on Matters

It is now confidently expected by those who have been watching the situation closely and are in close touch with conditions, that eleventh hour developments may avert a strike or long drawn out suspension in the bituminous coal mining field. A remarkable turn in the affairs of the operators and miners who are in session at Cleveland endeavoring to reach a scale agreement came Thursday, when it transpired that if a strike is ordered it will not affect Illinois.

During the meeting of the joint convention after the sub-committee had reported that it could not agree and recommended a sine die adjournment, a plan for arbitration was proposed.

While this was under discussion, President John H. Walker of the Illinois miners made an unexpected suggestion that entirely changed the situation. He said that if the operators would agree to pay an advance of five cents a ton on lump coal, three cents on mine run and grant a five-hour day on Saturday with five hours pay, all other demands of the miners would be withdrawn. The operators asked time to consider the plan of settlement. After two hours discussion it was decided to refuse the advance asked but to stand on their original proposition to renew the present scale.

But it can be announced as a fact that the Illinois operators have already agreed to the plan of settlement proposed by President Walker. It is also known that the operators of the southwest, Kentucky, Iowa and Michigan will fall in line with the advance. Indiana is also counted on as likely to accept but Ohio and Western Pennsylvania were still odorous, and it was expected that a strike would be called in those States.

When the sub-scale committee adjourned at noon it was to report a disagreement to the joint convention. This meant a breaking off of negotiations and a strike, but Walker's announcement of the Illinois proposition put a new phase on the matter, and one of the Ohio operators moved to adjourn until today to permit the operators to consider the suggestion. This raised a row later among the eastern operators as the plan was to break off negotiations and bring on a suspension.

This is where a settlement may be effected. In the opinion of a coal miner of the valley who was in Charleroi today, the Illinois proposition is likely to be accepted by the miners of Pennsylvania and Ohio, with the privilege of signing up with independent companies wherever possible. It is stated that at least two large companies in the Pittsburgh district will sign this scale. With Illinois, Indiana and the southern States working on this scale, and many of the Pennsylvania companies signing up, it is not expected that those who oppose will hold out long.

If this forecast holds good a settlement will be effected that will be satisfactory to a majority of both operators and miners, and it would involve a compromise that each side could accept with good grace.

Christian Church

IS "QUIET OBSERVER"

A large number of tickets have been sold to persons who are anxious to hear tonight the homely philosophy of "The Quiet Observer" of the Pittsburgh Gazette Times. Erasmus Wilson who is known as "The Quiet Observer" will lecture under the auspices of the Baracca Class of the First Christian church. Wilson, one of the most popular newspaper men that ever walked, is famed for his advanced ideas far and wide. His lectures are as good or better than his newspaper observations which are a pleasing feature of the Gazette Times. He has spent the seventy some years of his life observing and comparing and will give Charleroi people the benefit of his observations and comparisons tonight.

PREPARES TO LEAVE FOR WESTERN COAST

Gordon Roley, for eleven years employed in the clerical department of the Pittsburgh Coal company will leave Sunday for Los Angeles, Cal., where he will make his future home. Mr. Roley has disposed of his property in North Belle Vernon and is now going the rounds, saying goodbye to his many friends. Mr. and Mrs. Roley are both firm in the belief that the new climate will improve their health and this is the principal reason for the move.

Three women, decided brunettes, with an aggregate weight of no less than 700, were the occupants of a buggy that broke down near the Belle Vernon bridge Tuesday evening. Quite an excitement was caused at first, as it was thought they were hurt, but developments proved that the affair was only considered a minor incident.

County Treasurer Refuses to Honor Sight
Draft

TOTAL AMOUNT \$37,000

Has Them Where He Wants
Them Now, Declares
Charleroi Man

Former Assemblyman Edward Callaghan of Charleroi this week added a new chapter to his fight for his costs, fees and emoluments in office, in connection with the now famous conspiracy case in which he sought to bring to time E. F. Acheson, T. R. H. Brownlee and J. Carter Judson for conspiring and ousting him from the Democratic ticket as a candidate last November.

This was when a messenger from the First National Bank of Washington waited upon County Treasurer S. M. Downer on Wednesday at his office in the court house and presented him with a sight draft for \$37,573.43, which includes the costs, traveling expenses and emoluments of office. The county treasurer scanned the draft and then marked on it, "no money in this fund" and the messenger returned it to the Washington bank. Inquiry at the bank divulged the fact that the draft had been returned to the First National Bank of Charleroi through which it was drawn.

Since the case was before the Washington county grand jury Mr. Callaghan has persistently kept it before the public. It started with the arrest of Messrs. Acheson, Judson and Brownlee, and after the case was turned down by the grand jury Mr. Callaghan took the matter of justice up with the courts. Upon being informed that the constitution allowed every citizen the right of petition through Congress, he at once referred his case to Congress through Congressman Charles Matthews and Senator Boies Penrose. His case is now pending before the proper committee of Congress. But in the meantime he is going to see that County Treasurer Downer pays him and Mr. Callaghan intimates that he will stay with the Washington county officials until he gets his money if it takes all summer.

The draft presented to Treasurer Downer Wednesday was one of a regular form as used by the First National bank of Charleroi and was made out in the sum of \$37,573.43. It was dated March 21, 1912 at Charleroi and was directed to S. M. Downer.

The draft was accompanied by a statement which read as follows: "Lock No. 4, March 13, 1912. "Washington County, Pennsylvania, to Edward Callaghan, Dr. "As per bill on file in Clerk of Courts office, also in office of County Controller and County Commissioners to wit:

"1912 February 6-7, Traveling expenses, \$7.20.

"Two days before Grand jury, \$38.00. "Loss of time and emoluments of office, \$37,563.23.

"Total, \$37,573.43.

"(Signed) Edward Callaghan. Last evening Mr. Callaghan stated that he had gained his point in foregoing this action. The process was simply to get the case in shape to begin legal proceedings. Mr. Callaghan stated that he now proposed to enter suit for the collection of the claim.

in a fair way to be settled so far as
the bituminous field is concerned. A
compromise proposed and said to be
accepted in the Illinois field appears
to be acceptable to miners in other
sections, including western Pennsyl-
vania, and while the operators of this
State in the conference refuse it,
many are of the opinion that it will
prevail and will ultimately be adopt-
ed.

If this compromise is accepted in
other States and the miners in this
State are privileged to sign up the
scale wherever they can, it is also
likely that others will sooner
or later fall in line. This seems to be
a logical solution of the dispute, and
each side could accept it with equal
credit to the spirit of compromise.
The final action, which must develop
within the next few hours, is awaited
with much interest.

PICKED UP IN PASSING

A traveling man who thinks so well
of the Mail that he has it sent regu-
larly to his Pittsburg address, sends
Gailletter to this office in which was en-
closed a small manila envelope mark-
ed:

"Picked Up in Passing."

On opening the envelope a dozen
or more grains of rice were disclosed.
The inference is that the traveling
man somewhere along his route en-
countered a wedding party, and pick-
ed up the rice on his clothing
while passing the group.

Gov. John K. Tener also had a
"picked up in passing" experience on
Thursday. In company with Col. A.
B. Berger of Pittsburg the Governor
went to Venetia to see Col. A. H. An-
derson of his staff, who has been
critically ill. They alighted at Finley-
ville and finding no conveyance walk-
ed on to Venetia, a distance of be-
tween three and four miles. After a
brief visit at the home of Col. Ander-
son, whom they found somewhat bet-
ter, and whose spirits were greatly
revived by the visit, the Governor and
Col. Berger started to count ties back
to Finleyville. The proverbial "Ten-
er luck," however, did not fail, even
in this emergency, for just as they
started a freight train came along,
and the engineer, recognizing the
stalwart form of the Governor oblig-
ing slowed down his train and the
couple swung aboard the caboose. At
Finleyville the engineer again slow-
ed down to such an extent that the ex-
ecutive and his aid alighted in safety.
"This was one time I was very
glad to be 'Picked Up in Passing,'"
said the Governor, in relating the ex-
perience.

Repels Attack of Death.

"Five years ago two doctors told
me I had only two years to live."
This startling statement was made
by Stillman Green, Malachite, Col.
"They told me I would die with con-
sumption. It was up to me then to
try the best lung medicine and I be-
gan to use Dr. King's New Discovery.
It was well I did, for today I am work-
ing and believe I owe my life to this
great throat and lung cure that has
cheated the grave of another victim."
It's folly to suffer with coughs, colds
or other throat and lung troubles
now. Take the cure that's safest.

NOT A SECRET

Kathryn Dunne's Story.

It is said that in Europe when a woman finds a remedy that does her great good, she keeps it a secret for she does not want any other woman to be able to rival her charms.

American women are different. When they find a good remedy, they want other women to get the benefit too, so they tell their friends.

Miss Kathryn Dunne of N. Y. City is one of these. She says, "When I was in a weakened condition last

spring I took Vinol with the greatest benefit and I recommended it highly. Five of my friends are now taking Vinol on account of the benefit I received."

When you are rundown and weak, you need better blood and more strength, and Vinol will give them to you. It is a delicious cod liver and iron preparation without oil and restores untold thousands of pale, nervous, broken-down people to health each year. We give you back your money if Vinol does not help you. Piper Bros., Druggists, Charleroi, Pa.

Sweeper=Vac

We believe this machine at \$9.50 will do as good work on carpets and rugs as some electric cleaner selling as high as \$65 with less labor on your part.

The Sweeper-Vac is a vacuum cleaner that runs over the carpet in exactly the same way the old time carpet sweeper, and is of about the same shape.

We desire every household in Charleroi and vicinity to have a Sweeper-Vac.

Its low price is made with that end in view, and you need one no matter what other kind of a vacuum cleaner you may already have. If you are interested let us know and we will send a demonstrator at once. Sold by

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance; but real life insurance frequently consists in taking Eckman's Alternative.

Can any "lung sick" person afford not to take the Alternative?

It sharpens the appetite, makes life more different, brings better health with greater earning power. Often persons are so much improved that they can work again before they are finally cured.

Investigate it. If you are broad minded enough to believe that there can be a cure for Consumption, which has not been successfully treated, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:—

"Gentlemen—During 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption."

(Signed) Addamsville, ARTHUR WEBB.

Fuller details of this case upon request. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and W. F. Henning's, Charleroi, Pa.
